# **FOUNDATION FACTS**

## **A Message From The President**

Dear Foundation Beefmaster Association Members:

We've just returned from our mid-year Board of Directors meeting in Denver. One of my greatest joys is my association with the good members in FBA. I'm always amazed that I can go hundreds of miles from home and associate with people from all over the United States who have the same ideals and values in raising good Beefmaster cattle.

I appreciate very much the opportunity of serving you as president this year. One of the responsibilities of the President of FBA is to attend satellite seminars whenever possible, to promote FBA philosophy. I feel the life blood of our association lies within its satellites. Our greatest potential for growth will come from well planned seminars where we can show people on a one-to-one basis the merits of raising Beefmaster cattle.

On March 8th, Mary and I traveled to Quail, Texas, to attend the Panhandle Seminar. It was well attended. President Charlie Duree III was in charge and had a good program outlined. I've heard things in Texas are always bigger and better, this seminar bore this out.

On April 22nd, Mary, Jim Gowan and myself traveled to Searcy, Arkansas, to attend the ABB seminar. Howard Froud was our host and after the seminar took us on a tour of his ranch. He has a lot of pride in his operation and it shows in his cattle. I suppose the green grass looked the best to my parched Arizona eyes.

On Saturday, April 30th, the FBA Board of Directors and their wives were invited to tour the Tom Lasater ranch. We got a chance to see the Foundation Herd in their working clothes, just coming out of the winter. It confirmed my belief this is one of the finest herd of cattle in the world. It's an honor to be in the presence of great thinkers such as Tom and Dale Lasater. They were very generous hosts as usual.

We decided in our board meeting that starting this month a member of the board of directors will write an article each month in support of our Foundation Facts newsletter. We invite the FBA membership's input. This newsletter will only be as good as you make it. If there is something newsworthy, please send it to Mary. She welcomes your input.

The public relations committee is working hard to put together a On-the Hook flyer showing what Beefmaster cattle will do in the feedlot and on the rail. With value based marketing staring us in the face, we need to establish with the packer that Beefmasters are a high performance cattle in the feedlot and will satisfy the lean beef demand required by the consumer.

I hope you all have all the rain you need and your grass is belly high to a Beefmaster.

Steve Flake, President  
Foundation Beefmaster Association

Dear FBA,

In regard to an article in the April F.F. "Watch Our For Nosophobia," it seems to me that a big part of the Lasater philosophy of raising cattle is that they use no drugs or chemicals. I think we have to be concerned with people's health and the health of the environment. The Lasater philosophy and FBA fit right into that. I don't think we should forget it.

Drake Dixon  
Kelly Creek Beefmasters

## Special Announcement

FBA has selected Cattlemen's Communications, affiliated with CALF News Cattle Feeder magazine, to publish the 1990 Beefmaster Yearbook. CALF News has been published for the feedyard industry for over 25 years. Cattlemen's Communications is based in Colorado Springs, so is easily accessible to the FBA staff. The company is also publishing the Colorado Cattle Feeders annual this year.

Cattlemen's Communications has increased the FBA's percentage of the gross receipts of the Yearbook, has promised high quality pictures and ad production, will offer color separations to advertisers at very reasonable rates, has promised on-time delivery and will review proofs of the Yearbook with the FBA staff before printing.

If any members have any suggestions regarding the Yearbook, please forward them to the office soon, as planning work will begin very soon.

## Foundation Beefmaster Association Office Reports Certification Numbers Up

Foundation Beefmaster Association reported that the number of both bull and female certificates and transfers are up substantially compared to this same time period last year. This is an indication that more cattlemen are buying Beefmaster cattle from FBA members.

The report was given at the annual Board of Directors meeting held recently in Denver, Colorado, at the headquarters of the Association.

In addition to extensive discussion of all FBA business, the board finalized convention plans for the 1989 annual convention and approved the site

## "Beefmaster Pride"

Last month I had the opportunity of participating in my first FBA board meeting. It was a great pleasure working with just a few of our many outstanding cattlemen (and women). Not many national organizations such as FBA would have a young, small producer such as myself on their Board of Directors. To me, that says something for our organization. Its purpose is to promote Beefmaster cattle, and it makes no difference if you have one or ten thousand. Not many organizations can say that!

I appreciate the opportunity.

One of our many topics of discussion, which you'll be hearing more about throughout the year, was "Pride." Tom Lasater probably had a feeling of pride greater than any of us could ever hope to experience when he made the Beefmaster breed a success. Imagine creating something that not only satisfied you but was in demand by others.

He did it out of necessity to save the ranch. With his ruthless culling following six basic but strict guidelines, he not only saved the ranch but made it a great success.

We, as Beefmaster producers, must take the same pride and follow those same six basic but strict guidelines. True, sometimes it is hard, if not impossible, to cull every animal that does not make the grade, but for each one we let slip by we take another step backward.

In FBA we don't have or want someone to tell us which animals make the grade. We don't care if he's a son of "Muscle Man" out of a daughter to "Super Woman" with a great grand sire of "Super Man." We believe that if we follow Tom's rules, "the pedigree is in the name," Beefmaster.

As seedstock producers our satisfaction comes when we've made another sale to a satisfied customer who we know will be back again because that FBA Beefmaster did the job again.

That's "PRIDE!"

Danny Safrit

of the 1990 and 1991 meetings. The 1989 convention will be held in Monterey, California, November 9th, 10th and 11th. In 1990, the convention will be held in San Antonio, Texas, and for 1991, the directors selected Nashville, Tennessee.

Following the meeting, a number of the directors took a tour of the Tom Lasater Ranch at Matheson, Colorado.

**Deadline for advertising and articles for Foundation Facts is the 9th of each month.**

# FIELD DAY

## BEEF "ON" FORAGE

### BEEFMASTER BULL TEST

**FREE LUNCH · SPEAKERS · DOOR PRIZES**

**SATURDAY - JUNE 10, 1989**  
**9:00 A.M.**

**CLIFTON MAREK RANCH**

*(3 miles south of Lexington on HWY 77 then east on FM 3403)*

**FORAGE TOUR · EXHIBITS · REFRESHMENTS**

Inspection of the 95 forage tested bulls, tested under the guidelines of the Texas Forage and Grassland Council Bull Development Program. The bulls average 16 months old and are within 90 days of age. Complete performance evaluation available including the 112 day forage test and the ultrasonic measurements of their rib eye area.

*Patrick Associated Cattlemen Group will be available to offer a buy back program for your Beefmaster Cross Steer calves.*

## CTBB Beef "on" Forage Beefmaster Bull Test

Consignors and sponsors of the Third Annual Beef "ON" Forage, Beefmaster Bull Test, will be hosting a Field Day, June 10, 9:00 A.M. at the Clifton Marek Ranch. The 95 bulls are consigned by members of the Central Texas Beefmaster Breeders (Satellite of the Foundation Beefmaster Association). These bulls are being forage tested under the guidelines of the Texas Forage and Grassland Council Bull Development Program.

The purpose of the test is to identify those bulls having a superior genetic ability to convert forages to beef by comparing contemporaries within an age and breed group in a uniform grazing environment. Consumer-wise, the trend is for leaner beef, so the feedlot period is being shortened, which means a calf going to slaughter is going to spend 75 to 85 percent of its life on pasture. With average daily gain about 35 percent heritable, cattlemen will benefit by being able to purchase potential sires that have been developed under range conditions similar to their farm and ranch. The 300 day development program will consist of winter phase and summer phase with bull's weights being taken every 28 days during the development period.

Currently the bulls average 16 months of age and are within 90 days of age. These bulls will have completed the 112 day winter phase of the forage test and all performance data are available. An October 21, 1989 Sale at Brenham, Texas is being planned and each bull will sell with a complete performance evaluation to include: adjusted 205 w.w., gain wts., weight per day of age, and scrotal circumference.

Join us June 10 for a free B.B.Q. lunch, door prizes, speakers, refreshments, pasture tour and inspection of the Beefmaster Bulls. Ultrasonic measurements of the bull's Rib Eye area is being planned and this data will also be available. The ranch is located on F.M. 3403, 1/2 mile off Hwy 77, 3 miles south of Lexington. If you are unable to attend, a video tape of the bulls will be available to prospective buyers and interested parties. For more information concerning the Field Day, Forage Test, video, or sale, please contact:

Gary J. Frenzel (817) 983-2901  
Clifton Marek (409) 884-4931

\* \* \* \*

Patrick's Associated Cattlemen's Group will be there to offer you a buy back program for your Beefmaster cross steer calves.

Arkansas Beefmaster Breeders satellite group held their 5th annual seminar April 22nd at Searcy, AR.

Speakers included Steve Flake, FBA President, Larry Buster of Oologah, OK and James Gowan, Montgomery, AK.

There was a crowd of interested cattlemen and women who listened to the day's speakers and viewed the live cattle display.

Mrs. Pasty Downing of Jacksonville, AR was the winner of a Beefmaster bull. She selected a Froud Beefmaster from those on display.

A delicious lunch was served and a new member for FBA joined. This seminar was considered by all to be one of the best yet. Also, helping Mary Wilkinson at the registration table was Shirley Mason and George Ann Britt.

Another seminar is planned for next year.

Pictured is the Buster Beefmaster bull, high selling bull, at the HOA sale in Mt. Vernon, MO, April 8th. At right is John Robertson, South Haven, MI, buyer with Larry Buster, seller.

Eulin & Patsy Downing of Jacksonville, AR pictured with Howard Froud & Mrs. Dowling's father. Patsy was the winner of a Beefmaster bull at the recent ABB seminar in Searcy, AR.

Howard Froud & wife Lulu Bell, prepare to start tour of the Froud Beefmaster operation. Allen Rau & Steve Flake listen to briefing.

Sam Mason & Allen Rau of OK discuss Beefmasters at ABB seminar.

Bill Ross from Berryville, AR & Steve Flake, FBA President watch as winning bull is selected.

Howard Froud, Step Rock, AR, James Gowan, Montgomery, AL, Larry Buster, Oologah, OK, Roy Gene Britt, Okolona, AR, & Steve Flake, Snowflake, AZ were speakers at ABB seminar.
